February 19, 2010

Dear Client:

To show our appreciation for your past business we are offering some of our products with free or reduced shipping until April 30, 2010. Go online (equinedoc.com) or call us with your orders and we will ship it ASAP. Products that are included in the no charge shipping are: BC2A®, Lyte Rite Electrolytes®, Legend®, Adaquan®, and our injectable glucosamine. Spring Ties® will be shipped at a reduced price of only \$10

Due to 2 factors that we feel are quite significant the Glucosamine/Chondrotin combo will only be available by special order:

1). It appears that the combination is no more effective than just the glucosamine alone. This seems to be due to the poor absorption of the Chondrotin product. 2). The cost of having the combination made has gone up considerably in the last 6 months and we can no longer offer this product at the reasonable cost we did in the past. It will be available for those who want to keep using it but only by special order and in a 20 dose Tank at \$400. This product will ship directly from our manufacturer with a shipping cost of \$10.

Thank You Barney

Spring Special Pricing Shipping Included: Good through April 30, 2010 please go online and use our secure order form. Any price discrepancies from our regular prices will be adjusted for the special.
